NOBODY KNOWS BUT MOTHER.
How many buttons are missing today?
Nobody knows but mother.
How many playthings are strewn in her way?
Nobody knows but mother.
How many thimbles and spoons has she mislaid?
Nobody knows but mother.
How many burrs on each fat little fist?
How many bumps to be cuddled and kissed?
Nobody knows but mother.
How many hats has she hunted today?
Nobody knows but mother.
Carelessly hiding themselves in the hay:
Nobody knows but mother.
How many handkerchiefs willfully strayed?
How many ribbons for each little maid?
How, for her care, can a mother be paid?
Nobody knows but mother.
How many muddy shoes all in a row?
Nobody knows but mother.
How many stockings to darn, do you know?
Nobody knows but mother.
How many little torn aprons to mend?
How many hours of toil must she spend?
What is the time when her day's work will end?
Nobody knows but mother.
How many lunches for Tommy and Sam?
Nobody knows but mother.
Cookies and apples and blackberry jam,
Nobody knows but mother.
Nourishing dainties for every "sweet tooth,"
Toddling Dottie or dignified Ruth,
How much love sweetens the labor, forsooth?
Nobody knows but mother.
How many cares does a mother heart know?
Nobody knows but mother.
How many joys from her mother love flow?
Nobody knows but mother.
How many prayers by each little white bed?
How many tears for her babies has she shed?
How many kisses for each curly head?
Nobody knows but mother.

A lady going West from the C. and O. Depot last night, stumbled over a pile of old brick left where the pavement has been torn up since last May, at the site of the old gas plant, and received severe bruises in the fall. When such conditions are allowed to exist for so long a time, is it any wonder the city has an occasional damage suit on hand?

Howell of Houston, Tex., says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc." Sold by J. Jas. Wood & Son.

Matchless
Muslin Underwear!

Take a Nightgown or Petticoat bought at Hunt's and another of similar appearance and price bought elsewhere. Open them up and lay them side by side. First, you'll find the Hunt garment wider, fuller in size, longer. Next you'll notice the sewing is neatly done and all details more carefully finished. You'll find deeper hems, finer lace and embroidery, shorter stitches,—everything to show the difference between garments made to satisfy women of nice taste, and garments made to catch the careless shopper by an attempted effect that is deceptive and dissatisfying. Hunt garments are planned right, made right, priced right.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 cents. Hall's Family Pills are the best.

Distress After Eating Cured.

Judge W. T. Holland of Greensburg, Pa., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion. After eating great distress would invariably result, lasting for an hour or so and my nights were restless. I concluded to try Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by J. Jas. Wood & Son.

With the Advent of
Cooler Weather

You naturally begin to think about a fall suit, also a garment that is almost indispensable in our climate, viz., a Cravenette or Medium-weight Overcoat. The youngsters starting to school will want a new suit. We are better prepared than ever to meet your wants. Useless to speak of qualities. The "Best" is the only kind you buy of us. After qualities the next thing you are interested in is the price. Quoting prices in the papers affords little satisfaction to the intelligent buyer. You want to see the goods, "then the price." Our stock of

CLOTHING FOR MEN, BOYS and CHILDREN

Is so enormous that you would do yourself injustice did you not look us over before you buy your fall clothing.

Our Hatan and Douglas fall and winter lines are ready for your inspection. They are doubtless the greatest lines of Shoes ever shown in Maysville. By the way, the bell will soon ring on your straw hat. Our entire line of Stetson's Fall Hats is in; many of them exclusive styles confined to us. Take a glance at them.

To keep our tailors employed until the busy season begins we will make a limited number of Custom Suits during this month for \$25 Cash. Not a suit worth less than \$35; some of them sell at \$40. See the patterns in our East window. You know how we fit and make them.

THERE has been a wonderful production of anthracite coal in the United States during the eight months of the calendar year to date. The production is figured at 42,550,989 tons, against 19,395,936 tons during the corresponding period of 1902 and 35,772,518 tons for the same period in 1901.

THANKS to the good sense of Kentucky newspapermen, politics has been sidetracked in an effort to secure adoption of the Constitutional Amendment restoring local self-government to the municipalities of the state—in other words, to permit the people of the cities to pass their own taxing laws and to spend their own money for the improvement of their towns. And if politics were abolished from all public enterprises, what a glorious state Kentucky could be made!

HON. CARROLL D. WRIGHT, United States Labor Commissioner, who was Umpire in the differences between operators and miners, has filed his report with Secretary Nichols of the Anthracite Miners' Strike Commission. The point of general interest determined by Umpire Wright is upon the question of the employers' right to discharge men for any cause other than that of connection with a Labor Union. Umpire Wright holds with the operators that the employers have a right to discharge without giving the cause of discharge. He says—

"Taking the rulings of the Court the assertion of the Anthracite Coal Strike Commission, the clauses in the agreement made by and with the United Mine Workers of America and the admissions of the different members of the Board of Conciliation, whether on the one side or the other, there can be no doubt that a man has a right to quit the service of his employer whenever he sees fit, with or without giving any cause, provided he gives proper notice, and that the employer has a perfect right to employ and discharge men in accordance with the conditions of his industry; that he is not obliged to give any cause for discharge, but that he should, as in the reverse case, give proper notice."

Political Pickings

POWERS VERDICT IN POLITICS!

Louisville Evening Post.

The Democratic orators at Winchester seem to desire to have the present campaign turn on the Powers trial and the death penalty imposed by the solid Democratic Jury—the third of its kind—at Georgetown.

Perry S. Heath is said to have discovered a great vein of coal in his holdings in Utah.

The speediest feminine picker of huckleberries in Monroe county, Pennsylvania, is Carrie Everett, a girl of fifteen years. From 8:30 a. m. to 4:30 p. m. she picked seventy-two quarts of huckleberries. Oscar Altomoe has the record among men and boys, as he picked 125 quarts of huckleberries in eight hours.

Beside the ever-increasing revenue from thousands of travelers, Italy is earning increased sums by her rapidly reviving manufactures. The waters of the Alps and Apennines are giving her as cheap power by means of electrical plants as coal is furnishing to Belgium, Germany, England and the United States.

EASILY DECIDED.

This Question Should Be Answered Easily By Maysville People.

Which is wiser, to have confidence in the opinions of your fellow citizens of people you know, or depend on statements made by utter strangers residing in far-away places. Read the following: Mr. George N. Crawford, blacksmith and wheelwright, corner of East Second and Lee streets, says:

"The great benefit which speedily follows the use of Doan's Kidney Pills seems little short of miraculous. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and by the time I had used one box I was cured. If any one suffers from kidney trouble while such an effective kidney cure as Doan's Kidney Pills can be had the fault is their own."

For sale by all dealers. Price 50c. Mailed by FOSTER-MILBURN CO., Buffalo, N. Y.

Taking up this keynote, The Courier-Journal, with audacious mendacity, declares that Republicans as well as Democrats believe that Powers was guilty, as charged, of a deliberate conspiracy to assassinate Goebel, and, therefore, it believes with this issue the Democratic party is certain of victory.

These whole campaign proceedings are astounding. The Republicans have tried to keep these trials out of politics as far as possible. The guilt or innocence of a man is not matter to be determined at the polls. Politics should have been kept out of these trials, and these trials should have been kept out of politics.

The ineffaceable stain resting on the state is the persistent arraignment of these men before solid Democratic Juries; Juries made solid by some device which has nullified the law designed to secure trial by Juries impartially selected.

Juries not impartially selected reduce all subsequent proceedings to the level of a Court of Judge Lynch.

Nor was the testimony any fairer than the selection of the Juries. The partial facts related by truthful witnesses were supplemented by the testimony of confessed perjurers. The whole of the evidence connecting Caleb Powers with the Youtsey scheme of murdering Senator Goebel is Youtsey's testimony, elicited after two years in the Penitentiary.

We venture to say there is not a man in Kentucky who attaches the slightest importance to the testimony of Youtsey except in so far as it throws light on the course of Youtsey himself.

It is recalled that Youtsey said that in Caleb Powers's office were Jim Howard, Berry Howard and Hockersmith.

That statement stood all during the trial of Berry Howard. Youtsey made no retraction until Berry Howard was acquitted.

On this testimony Jim Howard has been convicted of having fired the shot that killed Goebel, and for it he has been sentenced to life imprisonment. Caleb Powers has been on this testimony convicted of conspiracy to bring about this result, and he has been sentenced to the scaffold.

The verdict of the people who have followed these proceedings with growing amazement, humiliation and sorrow is the verdict rendered by Colonel Breckinridge in two words, "Judicial murder."

In our judgment a majority of the Democrats are horrified. They could not believe such a result on testimony so valueless was possible in Kentucky. It is Kentucky that is now on trial; the laws of Kentucky; the civilization of Kentucky; personal liberty in Kentucky; the Jury system of Kentucky.

Now the Democratic leaders at Winchester, echoed by The Courier-Journal, demand a verdict on this issue at the polls. It is little short of madness. It is a vain device, as we believe, to unite the forces of a dissatisfied party behind a candidate without a platform.

The Democratic party is disintegrating. The hope is to drive together all its factions by waving once more the bloody shirt. It is the triumph of Walton and Campbell; it is the overthrow of the conservative sentiment in the party.

In the preliminary campaign, in the campaign for the nomination, Black and Breckinridge and Watterson and Hancock and Beckham himself spoke of the evils of Democratic ascendancy. One or the other called for a change in order to establish justice, protect the insane, improve the schools, guard the revenues and eradicate grafts. Governor Beckham himself introduced the word graft into our political vocabulary. This campaign had its effect. It awakened the people. It revealed for a few brief moments the actual condition of affairs in Kentucky. Now in the face of defeat, there is to be an effort made to unite the party on the one issue "death to Powers."

A vote for Beckham means, if the recent utterances of the Democratic press and the Democratic papers mean anything, death to Powers. That is the maddest political proposition ever submitted to the people of this state.

A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many millions of bottles have been sold and used. It has long been the standard and sure reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by J. Jas. Wood & Son, Druggists.

The Goebel Monument Commission met yesterday to select a subcommittee to go to New York and inspect the clay model by the sculptor, Moretti, of William Goebel, which is to be a part of the Goebel Monument to be erected at Frankfort.

MANTELL.

Mr. Robert B. Mantell, the eminent romantic actor, will be seen at the Washington Opera-house Monday, September 14th. A gallant young Irishman, Maurice Desmond by name, is the hero of the new romantic play, The Light of Other Days. This play, by the way, is one of the big successes of the present season, although it possibly owes this fact as much to the striking personality of its star, Robert B. Mantell, as to the merits of the play itself. Seats on sale at Ray's Drugstore Saturday morning.

The Lizzie Bay from Pomeroy will pass down tonight.

The Tacoma is due to pass up tonight for Pomeroy.

The steamer Morning Star will be used as a floating hotel at West Point during the encampment.

The river is falling so fast that the big towboats that left Paduch for Pittsburgh will hardly get above Cincinnati.

Captain J. F. Ellison, Superintendent of the Cincinnati and Pittsburgh Packet Company, is in Philadelphia to buy hollow steel shafts for the boats of his line.

The towboat Barrett has the engines used on the Will S. Hays. The Hays got them off the Thompson Dean, but they were rebuilt before going on the Hays at Pittsburgh.

Nine of the eleven locks on the Cumberland river, between Nashville and Burnside, have been completed. When the other two are finished the river will have continuous navigation.

The Allegheny and Monongahela rivers show a slight rise at upper points, but it is not expected to relieve the situation enough to permit the resumption of traffic with points below Davis Island Dam.

On account of the scarcity of water above several towboats have been compelled to tie up to the bank—the Coal City at Gallipolis, the Joe Walton at Marietta, the James Moren at Wheeling and the Frank Gilmore at Parkersburg.

The steamer City of St. Louis is again to enter the St. Louis and New Orleans trade, leaving for New Orleans about the 15th of this month. She was formerly an Anchor Line steamer, and ran in this trade for many years, but will be the first packet to leave for New Orleans direct for more than a year.

The regular report just completed by Major George McC. Derby, United States Engineer, shows that 10,967 tons of freight passed through the Louisville and Portland Canal during August. The Genuine vs. Counterfeits.
The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter of Silverport, La., says: "After using numerous other remedies without benefit one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by J. Jas. Wood & Son.

A Mountain Squad Invaded Maysville Under a Showy Escort.

R. S. McHargue, Wesley McHargue and Robert Moore, all of Laurel county, were arrested at London and brought to this city yesterday and taken before United States Judge Cochran of this city and placed under bond for their appearance before the United States Court at London.

They were in charge of a Deputy United States Marshal and a Policeman. The cop was a poach. He was the observed of all observers, being six feet tall and built in proportion. He wore a helmet that Emperor William would have been proud to claim as his own; then the brass buttons on his long blue coat would have caused Captain Stanley Watson to turn green with envy if he had seen them.

The men were witnesses whose testimony was wanted against some moonshiners, and who have been evading the Court.

They left on the L. and N. noon train for their mountain homes—brass buttons, helmet and all.
